

Learn about money with Sparky and Smokey and you can earn some great prizes! Just complete activities on the sheet below and in Sparky's activity book.

Here's how it works:

1. Put a sticker on each activity you've completed.
2. Complete one full row of activities, horizontally, vertically, or diagonally and earn a Level One Sparky prize
OR complete all the activities and earn a Level Two Sparky prize.
3. Bring your completed activity tracker into any branch, give it to a friendly teammate, and claim your prize!
4. If you've completed Level One, you can keep your tracker and keep working towards Level Two prizes! If you've completed Level Two or want to start fresh, pickup a new activity tracker and start learning and earning all over again!
